

NEW

One for all

The new universal counter-trough

Two counter-troughs of the same type are combined to a double trough.

A counter-trough for all clamp clips, which suited to any type of rail and can be combined into a double trough.

- More installation room when mounting through subsequent insertion
- Retroinstallations possible without removing the clamp clip
- Suitable for all clamp clips and OBO profile rails
- 15 variants for all different application types
- High stability and a secure hold

Universal counter-trough, plastic

Regardless of the type of rail, the counter-trough can be used by applying it onto one side of the clamp clip. Due to an intelligent contour on the backside, the counter-trough can be combined to a double trough. Retroinstallation possible without the need to dismantle.
